Daily design tours

Design Tour

1:00 pm daily

Rebecca Purdy shares her tips for easy cottage style, plus answers any questions you may have about the furnishing and décor.

Builder's Tour

2:00 pm daily

Join the team from Canada Builds for a guided tour, including a behind the scenes look at how a modular cottage design comes together.

Ask a Designer

3:00 pm daily

Rebecca Purdy is available to answer your cottage design questions and dilemmas. Enjoy a free personal consultation – bring your photos, plans and challenges.

Thank you to the talented team behind the model cottage.

Canada Builds

The cottage is custom designed and built by Canada Builds, a CSA and Tarion approved builder located in Lindsay, Ontario. They are 100% Canadian owned, and specialize in custom home and cottage designs that are built in a controlled environment. After rigorous testing and inspections, the units are then shipped to the building site and married together on a permanent foundation. A cottager can go from design to installation in about six weeks.

The costs of a modular cottage are very appealing – about \$125 per square foot for a completely finished cottage. That includes all flooring, windows, doors, cabinetry, appliances, and fixtures. And naturally all the designs and finishes can be customized as a country home, chalet, or cottage, and installed anywhere in Ontario.

Visit them in Booth 429 | canadabuilds.ca

Rebecca Purdy Design

Styled by Rebecca Purdy, the model cottage features furnishings and décor items from the exhibitors. Rebecca Purdy is a lifelong cottager and the stylist on HGTV's shows including *Disaster DIY: Cottage Edition*, *House of Bryan* and *Leave It To Bryan*.
